

Christina Libby (she/her)

Health Outreach Navigator | Homeless & Housing Coalition of Kentucky

Christina Libby serves as the Health Outreach Navigator for the Homeless & Housing Coalition of KY. After growing up in Henderson, KY and attending college at UK, she began her career in service at the Kentucky YMCA Youth Association. After many service trips, leadership conferences, model governments, and being inspired by tens of thousands of teenagers, she moved on to State Government at CHFS with both OIG and the Office of the Secretary. Following the birth of her first son she was called to birth work and spent the next four years as a small business owner and Birth Doula. However, with the birth of her second son in 2019, Christina sought service with an organization and a team making a difference in health policy and the people's lives affected by it and is ecstatic to have found it at HHCK. In collaboration with Kentucky Voices for Health, Christina has become a Community Health Worker and kynector. She is fortunate to be able to work both with policy and directly with clients addressing issues of affordable housing, eviction prevention and management, accessing health coverage, substance abuse disorders and recovery, re-entry from incarceration, hunger, mental health, and more. When not quarantining with family in Georgetown, Christina calls Frankfort home with her husband, two sons, and Great Dane.
